

Membrane Switches in 3 Days

Miller Dial understands the challenges you face in new product launches. Excellent design, outstanding quality, and exceptional cost are all vital to success and fundamental to Miller's philosophy in supporting our customers. But these alone, cannot eliminate the need for speed in beating your competition to the market with new products. That's where Miller's 3 Day Membranes come in. Regardless of where you are at in your new product launch schedule, our quick turn membrane switch prototype capabilities can cut your product development schedule dramatically!

Our team of engineers can help you with the manufacturing of membrane switches in 3 days. Allow one of our experienced customer service representatives to help you make your product stand out from your competitors.

Option 1

Standard Switch Custom Overlay

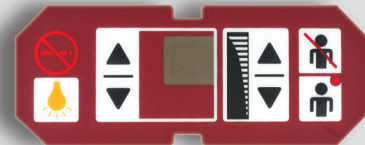

A single design overlay coupled with a Miller Dial standard, non-tactile, membrane switch. Customer furnished overlay artwork to include where on the back of the overlay to inlay the switch. Overlay material will be .007" textured polyester printed in four color process printing. No metallic or gloss finishes. Maximum overlay size to be 11"x 15". Standard switch has a 1-1/2" tail, .100 pitch traces and a female Berg type connector.

Please note that Options 1 and 2 ship on the fourth day from the time we receive your artwork

Option 2

Custom Membrane Switch Custom Overlay

A single design, non-tactile overlay coupled with a single design, non-tactile membrane switch. Customer furnished overlay and switch artwork. Overlay material will be .007" textured polyester, switch will be .005" polyester top and bottom with a .009" spacer. Overlay will be printed in four color process, no metallic or gloss finishes. Maximum switch size to be 11" x 17" to include the tail. Tail traces to be .100" and terminate with a standard female Berg type connector.

Please note that Options 1 and 2 ship on the fourth day from the time we receive your artwork

Option 3

Custom Membrane Switch Custom Overlay With Options

Option 2 plus any or all of the following:

- Dielectric bridges or carbon overprint - Add \$150.00 per order
- Gloss Windows - Add \$150.00 per order
- Tactile Overlay or Switch - Add \$150.00 per order

Note: Embedded components are not available with any option, for custom membrane switches with those options go to: www.millerdial.com
