

DomedLabels

Domed labels provide a low cost, high quality impression for your brand identity. Domed labels are durable, weather resistant, thick, crystal-clear polyurethane domes over a full-color label. Domed labels can be used in a wide variety of brand identity applications; logo plates, decorative emblems, pins, wheel inserts or display windows. Order your domed labels from one of America's oldest manufacturers of brand identification products.

Encapsulating graphics in polyurethane offers a standout product that is sure to be noticed.

Imagine your products new appearance with selectively domed 3-D buttons or windows. Allow one of our experienced designer to help you make your product stand out from your competitors.

Our domed labels are UV resistant delivering long life, even in outdoor applications. Our non-yellowing formula continues to uphold your brand image years after installation. Polyurethane domed labels resist indentation, bouncing back from pressure and enabling their use on contact intense products. Polyurethane domed labels provide immense benefits in the area of environmental durability.

Our domed labels are resistant to solvents, chemicals, humidity, and salt spray. Mylar or metal can be used as the base material. We regularly utilize custom adhesives for special applications.
