Miller Dial is the exclusive distributor of Wincom Technology LCD displays. Through our exclusive partnership we can provide our customers with solutions utilizing the highest quality LCD displays with very cost-effective pricing. Miller Dial incorporates Wincom LCD's into our high-reliability custom assemblies, frequently used in aerospace, defense, and medical applications.

We offer a wide range of standard dot matrix and graphic LCD modules. We also have the capability to integrate touch screens into any selection of LCD modules—as well as provide a full subassembly, incorporating graphic overlays, membrane switches, EMI shielding, LED's, etc.—to provide our customers a fully-integrated user interface module.
